

# Christ for the Philippines

## EQUIPPING

Our Children's Ministry Resource Center had just acquired this Ellison Letter Machine. This machine is really a great help in the ministry of our KTN and churches. We thank the Lord for using people like you that we were able to have this machine in our resource center.

Our lending library, the Guy E. King Memorial Library through the years has served its purpose of providing study tools for pastors and christian workers in their ministry. We are glad to share with you their testimonies:

"There are many excellent books that helped me a lot both for my personal life and work"

Pastor John Eclarin  
Pastor, Doane Baptist Church- Jao

"As a fourth year student, I have gained more knowledge from the books I've read. It has encouraged me to a more closer and deeper relationship with God as He prepares me for the ministry"

Marlene Chiday  
Doane Baptist Seminary

"Thank you for the new ideas, I will adopt them in our new school."

"Thank God for providing the needs of the Resource Center and for your sacrificial effort in this ministry."

"Thanks for the materials that are available to be used by everybody. It is really a great help to us. Thanks for the kindness."

We pray that the Lord will continue to use this ministry as a blessing to the pastors and church workers here in the Philippines.
